

# Lambretta™

## UNO150

True Love Returns™

Easy enough for the first time rider, advanced enough for the serious scooterist.

Look forward to your daily commute on this stylish and sporty scooter with a powerful 150cc 4-stroke, 4-valve engine.

12" alloy wheels, front and rear disc brakes, and Duro series tires provide crisp and predictable handling that inspires confidence and safety

2-Year Limited Parts and Labor Warranty

Available colors

The UNO150 features clear, easy to read gauges and indicator lights, including a tachometer.

The UNO150 4-stroke 150cc motor has 4 valves, which allows it to develop more power than competing 2-valve engines. Even with this power, it is 100% CARB and EPA compliant.

Front disc brake, Duro series tires and premium performance suspension provide superior safety and handling.

The UNO150 is a true mid-sized scooter offering an accommodating seat height. With room for two, and underseat storage, adventure awaits!
